

Granya González' fifth anniversary

The Centro de Endermología y Estética Cristal, created by Granya González Gruber is celebrating its fifth anniversary satisfying the clients needs with the high-technology and advanced techniques for those clients who want a new inner and outer look.

González offers her patients more than 20 years of experience in the beauty business, with proper assistance and integral services, such as new-generation and vibrating endermologie, laser depilation, mesotherapy and others. **DJ Staff**
